PAINT FINISHES

Color is everything, and painted finishes provide limitless possibilities, which is why Eclipse Cabinetry offers so many choices. Our diverse collection of standard paint colors is only the beginning. For those with a particular color in mind, our custom paint program lets you choose from the entire Sherwin Williams' palette of paint colors. Consult with a retailer for more details.

GLAZE AND HIGHLIGHT OPTIONS ON PAINT

Eclipse also offers additional finish techniques on paint. Available on most paint colors, our glaze or highlight options add an extra level of character for a more antiqued appearance. The brushing add-on is only available with a highlight glaze and adds subtle brush strokes to the highlighting process. Variation of intensity and direction are common and expected with all glazes, highlights and brushing techniques.

RECONSTITUTED VENEERS

Reconstituted Veneers are made using sustainable hardwoods layered together to produce a beautifully patterned veneer that is dyed to resemble Quartered Walnut or Rift White Oak in appearance. This process provides an ecologically sustainable veneer with exceptional consistency in graining and a modern appearance perfect for current trends. Eclipse only offers reconstituted veneers on the Metropolitan style door. Available in vertical or horizontal grain (size limitations apply for horizontal grain).

RECONSTITUTED WALNUT VENEERS**

SUPER MATTE HPL

The Super Matte surface is a technologically advanced High Pressure Laminate (HPL) product featuring a soft-to-the-touch matte finish that resists fingerprints, providing an outstanding product for your kitchen. It has built-in anti-microbial surface protection along with thermal healing capabilities if the surface becomes burnished. With growing demand for different textures and surface appearances, our Super Matte HPL is the perfect fit, whether used for the whole project or mixed with other textures and materials. This product is available with matching edge-banding only.

BIGIO & TAKASE TEAK
ACRYLIC & TFL
METROPOLITAN

ACRYLIC

Acrylic finishes offer a deep, high-gloss surface for an ultra-sleek appearance. Featuring a color-matched PMMA (acrylic) top layer that enhances color vibrancy, we use zero joint edge-banding technology for a near seamless finish. Cubanite, Gabbiano, and Bigio colors have a subtle, metallic flake look which reflects light and gives a shimmer to the surface.

EDGE SELECTIONS

**available on metropolitan door only

GLOSS HPL

The Gloss offering of colors within our High Pressure Laminates (HPL's) have a durable, high-gloss finish for today's contemporary styling. HPL has been used as a multi-surface material for decades and work perfectly in the kitchen. Our Gloss HPL colors feature zero joint edge-banding technology for the ultimate in sleek appearance.

EDGE SELECTIONS

**available on metropolitan door only

THERMALLY FUSED LAMINATES

Thermally Fused Laminates (TFL's) are textured to simulate wood grain and represent modern interpretations of wood veneers. Their versatility allows for mixing easily with other colors and textures. TFL's are available in the Metropolitan door style with vertical or horizontal grain (size limitations apply for horizontal grain).

EDGE SELECTIONS

** available on metropolitan door only

STAIN FINISHES

The beauty of wood is showcased with our carefully selected palette of stains. Our staining process enhances the various wood species that we offer, resulting in a beautifully finished piece of furniture for your home. When you add a glaze or highlight to one of our stains, you add an extra layer of depth and a change to the color tone, for even more possibilities. From traditional colors to modern interpretations, with Eclipse Cabinetry we are sure you will find the perfect finish.

GLAZE AND HIGHLIGHT OPTIONS ON STAIN

By choosing a glaze or highlight, you add even more character to the finish. With several options of glazes or a subtle highlight, our hand-wiped process adds a layer of color that changes the underlying stain for a deeper, richer appearance. As this is a hand-applied technique, variation in the amount and location of glaze material will vary from piece to piece and within the same piece. Variation adds to the character and should be expected.

DOOR STYLES

All of the Eclipse door styles are available in our full lineup of wood selections in stained or painted finishes. Our reconstituted veneers, TFL's, HPL's and Acrylics are only available with the Metropolitan door style. Excluding the Metropolitan door, our door styles are available with several different drawer front options. Each door style in the following section is shown with its' respective matching five piece drawer front, unless otherwise specified. For questions about drawer front and door style compatibility or availability, consult with your local retailer.

ECLIPSE CONSTRUCTION

DRAWER BOX OPTIONS

DRAWERS

Eclipse offers multiple drawer boxes so you can pick the one that fits your style, from traditional to contemporary. The standard drawer boxes available are the 5/8" Dovetail Drawer box or 5/8" Simulated Metal Drawer. The 3/4" Dovetail Drawer and Blum LEGRABOX Stainless Steel Drawer Box are premium options.

GUIDES

Drawers come standard with Blum TANDEM edge, 7/8 Extension, BLUMOTION self-closing undermount concealed guides. Blum TANDEM full extension, BLUMOTION self-closing undermount concealed guides are a premium option, except for LEGRABOX drawers, for which full extension is included.

CABINET CONSTRUCTION

Eclipse Cabinetry is built with a unique, full-access construction inspired by European cabinetry. With this construction method, you get an efficient cabinet that maximizes the useful storage space. Our full-access construction gives you up to 10% wider door and drawer openings over a framed cabinet. More importantly, our 3/4" box construction provides a sturdier box than the competition's 5/8" boxes.

1. 3/4" thick top, bottom, and side panels*
2. 3/4" adjustable shelving*
3. 3/4" thick hanging rail*
4. PVC edge banding, color coordinated**
5. Durable, easy-to-clean interior in a natural or white laminate depending on product selected. (See retailer for more information)
6. Hinges are Blum CLIP top BLUMOTION soft-closing with easy adjustment
7. 3/4" x 4" wide stretchers for added stability & strength
8. Standard guides are Blum TANDEM edge 7/8 extension with integrated BLUMOTION soft-closing mechanism (optional Blum TANDEM full extension guides with integrated BLUMOTION soft-closing mechanism)
9. Multiple drawer box options (see page 28)
10. Choose from thousands of door style, material and finish combinations.

*Plywood upgrade option available. It will consist of a plywood core with MDF outer bands for consistency and stability. Some materials and finish selections not compatible with plywood option, so substitute materials will be used where applicable.
**PVC Edge-Banding is selected from available material to provide the best match possible. The edge-banding is not an exact match and may be noticeably different.
Construction and product specifications subject to change without notice and may vary from information shown above.
